Series 6

Utility Tractors 127 hp

Series 6 Utility Tractors

The Series 6 tractors combine robust interiors and exteriors, equipping them for heavy duty and time-intensive applications. Whether you are looking to traverse hard or soft terrain, power large

implements or attachments and maximize productivity of the engine or operator, the Series 6 tractors cover it all.

T130

Engine power Lift capacity 127 hp - 3747.6 kg

Taking utility to the next level, by design

In addition to impressive lift capabilities, greater transmission controls and power output, the Series 6 tractors are equipped with deluxe operator amenities. With cabins that provide lasting comfort, these tractors also promote operator productivity and accelerate project completion.

Featuring models capable of reaching speeds as low 0.1 mph (0.2 kmph), this series demonstrates effectiveness in applications where high-impact results need to be made in fewer passes, such as trenching. The high-efficiency, liquid cooled engine allows for less than 10% drop off from the front to the back of the tractor. Combined with a large volume fuel tank, this tractor is ready to take on any time-intensive, heavyduty application, productively and cost-effectively.

Most popular applications

Material Handling

Land Clearing & Forestry

Construction

Arable Farming

All the right features to get the job done

Powerful, productive Deutz engine

Boasting precise German engineering, this engine offers high power and torque even at lower RPMs. Optimized to work with minimal breakdown, this engine offers productive work over a longer lifecycle.

10.1 inch touchscreen monitor

Use the easy-to-read 10.1-inch touch screen monitor to view vital information such as the vehicle status.

Smart charger and insulated cup holder

The T130 has the most premium features for operator convenience, including a wireless smartphone charger and a keep hot or cold cupholder, within easy reach from the operator seat.

Side / rear work lights

Work lights are located on the sides and rear of the tractor to allow the operator to safely enter and exit

LED worklights for better visibility

Work safely in low-light conditions, with brighter lights and a wider field of illumination.

Electronic organ-type pedal

The organ-style pedal, eases strain on the ankles so that the pedal can be pushed with less effort and give more accurate control to the operator.

T130

The next evolution

Key specifications:

Engine power **127 hp** -

Engine manufacturer

Deutz TCD3.6L4-CFXT95U

Lift capacity **3747.6 kg**

PTO power **118 hp** -

1. Backlit logo

2. LED Dual side mirrors

3. Push to start button

4. Adjustable suspension seat

5. External hydraulic top link switch

6. Digital instrument panel

Specification Guide

MODEL ENGINE	T130
Engine manufacturer	Deutz TCD3.6L4-CFXT95U
Type	Turbo charger
Engine power	127 hp 95 kW
PTO power	118 hp 87 kW
Rated engine speed	2200 rpm
No. of cylinders	4
Displacement	3621.5 cc 221 cu. in.
Air cleaner	Dual Dry
Alternator	12V, 120A
	CRDI
Fuel system POWERTRAIN	CRUI
Transmission type	Power Shuttle / 6-Speed Shift APS
No. of speeds	F36 x R36 w/Creep
Max. traveling speed	37.2 km/h 23.1 mph
Brakes	Wet, Multi-disc
Steering	Hydrostatic
Clutch	Wet, Multi-plate
CAPACITIES	wet, mata-plate
Fuel tank	190 L 50.2 gal
Coolant	18.1 L 19.1 qt
Crankcase	8 L 2.1 gal
Transmission/Hydraulics system	101.8 L 26.9 gal
Front axle	7.2 L 1.9 gal
РТО	
PTO type	Independent
	Independent Electro-hydraulic

Designed for your world

TYM creates tractors that bring together alluring form, advanced function and accessible value. Through Korean expertise in design, engineering and manufacturing, the company helps owners overcome every obstacle as they shape the world around them.

Headquartered in Korea with distribution across North America, Europe, and Asia, and assembly operations in the USA, TYM has been empowering customers for over 70 years.
